NRMN's evidence-based training programs are designed to help mentors and mentees engage in productive, culturally responsive mentoring relationships. Programs focus on:

- Mentor and mentee training across career stages
- Train-the-trainer workshops
- Career coaching

The NRMN Virtual Mentoring Program is a four-month experience with regular, guided interactions between mentors and mentees at a distance. The virtual mentoring experience will help mentors and mentees:

- Develop meaningful mentoring relationships beyond their own institutions
- Work closely and regularly with another person who is navigating a career path in science
- Navigate conversations critical to the success of diverse scholars

Participation is FREE!
